AEye to Participate in A.G.P. Virtual Electric Vehicle and Transportation Conference

November 24, 2026

PLEASANTON, Calif.--(BUSINESS WIRE)--Nov. 24, 2026-- AEye, Inc. (Nasdaq: LIDR), a global leader in software-defined, high-performance lidar solutions, today announced that CFO Conor Tierney will participate in the A.G.P. Virtual Electric Vehicle and Transportation Conference on December 9, 2026.

To schedule a meeting with Mr. Tierney at the conference, institutional investors can contact their sales representative at A.G.P. to register and request a meeting.

About AEye

AEye offers a suite of unique software-defined lidar solutions that address a wide range of real-world needs including advanced driver-assistance, vehicle autonomy, smart infrastructure, security, defense, and logistics applications. AEye's flagship product, Apollo™, has been widely recognized for its small form factor and its ability to detect objects at up to one kilometer. In addition to Apollo™, AEye also offers STRATOS™ with the ability to detect objects at up to one-and-a-half kilometers as well as a full-stack solution through its OPTIS™ platform. OPTIS™ provides a complete system that captures a high-resolution 3D image of the world, interprets it, and provides direction to act upon what it sees in real-time.
